

AL-MIZAAN FOUNDATION

# ANNUAL REPORT

2023

**Al-Mizaan**  
Foundation

## ABOUT AL-MIZAAN

We are a non-profit organization that provides humanitarian assistance aid to those most in need in Pakistan & Morocco.

The Al Mizaan Foundation, established in September 2022, is dedicated **to empowering those in need by equipping them with essential resources for self-sufficiency.**

## Pakistan

Our efforts are concentrated in three key regions:

Sargodha,  
Layyah  
Mirpur (AJK).

Our primary objective is to furnish vital necessities to individuals facing hardship, ensuring they have the fundamental essentials for a decent life.

### Water

Precious resource within their homes

We have installed 302 hand pumps, providing water access to 350 families in all three regions and gifting them with a valuable water resource.

We have distributed 60 motor pumps to over 170 families in these areas.

### Food Packages, Communal Iftaar & Qurbani

Essential food support

Over 500 food packages for families to distribute Eid packs ahead of both Eid occasions.

We've provided 53 Communal Iftars, a total of 3,710 poor and needy people have benefited from this.

We facilitated Qurbani activities, conducting over 30 sacrifices in Sargodha and Layyah.

### Livelihood Support Programme

Self sufficiency

We crafted 19 carts laden with essentials, these were provided to the male members of families, allowing them to kickstart their own ventures.

### School Uniform & Stationary

Equipping students

We procured 377 school uniforms, stationary kits, and winter packs for children who might otherwise be unable to attend school or stay warm.

### Qur'an Copies

All of this has been made possible through your generous contributions and continuous support.

## Morocco

In 2023, Al Mizaan extended its operations to Morocco, specifically targeting impoverished regions on the outskirts of Marrakech and villages nestled in the Atlas Mountains.

## Food Packs

We distributed more than 150 food packs to these villages ahead of Ramadan, ensuring they had ample provisions for the holy month.

## Earthquake Support - 2023 Atlas Mountain

We established a kitchen providing food for the entire village for at least three months supporting over 650 number of individuals. We successfully distributed 235 blankets, mattresses, and winter clothing, preparing the residents for the upcoming winter.

## 100% DONATION POLICY

Al-Mizaan Foundation operates a strict 100% donation policy meaning all of your funds will be used to help the needy. We take the trust of people very seriously and guarantee that every penny we receive from you is spent supporting the cause or project to which you have donated. Meaning, if you donated for a water well, your money will only be spent on the delivery, construction, labour, contractors and materials required to build that well. Not a single penny will go towards administration, marketing or generating further funds, Alhamdulillah.

# KEY FACTS

During October 2022 to September 2023 a total of **£81,323.21** has been raised and spent.

## HAND PUMPS

302 Built  
1,812 Beneficiaries

# THANK YOU

All thanks to the blessings of the Almighty Allah.

Without the mercy of Allah first and foremost, and then the generosity of our amazing donors, we would not be able to benefit the most needy of Pakistan & Morocco. May Allah reward and accept the deeds of every single person who was a part of our journey and those who continue to support our work
